

### Scene 1: (Saturday)

- Launching video, news mentioned “Ms \_ \_ \_ from Kuala Lumpur is lost for 72 hours. Her has blonde hair, short fringe, brown eyes. Her last story in Instagram was found on (date) and it showed that she’s at 5, Jln Batalong, \_ unfortunately it didn’t show the whole address. These are the profile that suspects been kidnaped. Detectives, WE NEED YOU! Please help us!
- Google Map – find the actual address of the “last seen” and screenshot to GM

### Scene 2: (Sunday)

- Detective needs to score 100/100 in Kahoot to way of getting clue
- Clue = Encode/Decode
- Whether they crack the code will get marks

Storyline (subject to change): Kidnapper’s plan

### Scene 3: (Monday)

- Detectives get a video link; they need to watch the video.
- They’ll be given a sentence (eg: I’m James Bond), which can be found in the video
- When they pause on the video, the **seconds** of the video is the code of cracking the file

### Scene 4: (Tuesday)

- Reverse audio
- 20 reverse audios, detectives need to find out what’s the 20 words
- The words represent the clue

### Scene 5 (Wednesday)

- Multi-languages translation
- Each group will be given 8 foreign languages (for each member), each language has a sentence.
- They need to translate the languages into Mandarin
- After they got the 8 sentences, send it to GM
- CGL will get 8 (or more) separate puzzles (what puzzle?), need to arrange it tgt and get the next clue

**PS:// Technical team please help to think on how CG send the sentences to GM & they how GM send puzzles to them. They can get it automatically after sending in the correct sentences? Or have to do it manually?**

### Scene 6 (Thursday)

- Perfect Pitch
- Each group will be given music, DO RE MI FA SO (each pitch represent a word)
- They'll need to listen to music & crack the words

### **MEGA GAME (Friday & Saturday)**

Either 4 or 6 live from different people, and all CGs need view the live (1000-200 people in the live) and the people who live will say something (scripted). All cg can record down what the people in live say if necessary. 5 of them will say something similar during the live, and it means that's the key clue. There's **ONE** undercover among the 6 people.

### Scene 7 (2<sup>nd</sup> Week Sunday)

- Play multiple riddle, if answer correctly will go straight, if answer wrongly will turn left
- Both will lead to different destination and get different clue.

**PS:// Need programming**

#### Scene 8: (Monday)

- Morning Clue
- The mission will be given at **3am**
- Mission = workout
- All CGs need to submit their workout video at **7am**

#### Scene 9: (Tuesday)

- They will receive a list and there's 10 working member details include background, name and phone number, at the same time will receive a map + car cam
- Zoom meeting work together with CGM and distribute who Whatsapp which WM
- After gathering information, they'll discuss together and plot the location where the kidnapper keeps the victim.

#### Scene 10 (Wednesday)

- Destiny or Fantasy
- If choose Destiny will be given Wakanda's language to crack
- Choose Fantasy will be given ancient text to crack

#### Scene 11: (Thursday)

- Arrange the correct sequence
- CGMs need to guess the correct number sequence
- white = everything wrong
- yellow = number correct, wrong position
- red= all correct

### Scene 12: (Friday)

- Mega Room
- Similar as Dream Vibe camp

### Scene 13: (Saturday – FINALE)

- Debate between 4 people
- Suggestions
  1. Ancient Text
  2. Monopoly
  3. Chance or Destiny
  4. Locker – Provide CG a video and the video will slowly lead them to different places.  
(Eg: keep pressing in his/her twitter) CG need to find the clue in the kidnapper's Twitter, Tik Tok, or any other platform. The clue that they got is the passcode of locker
